Maintenance Report - Trini Hernandez

- To eliminate dry spots in the fairways, crews drilled a series of holes and filled them with gravel and sand. This will allow water and nutrients to penetrate the soil and encourage deeper roots.
- Crews treated the lakes with chemicals to control algae. After a few days the treated algae will breakup and sink to the bottom of the lakes.
- On Monday, 4/21, crews will be treated the greens with pre-emergence to control weeds.
- Within the next few days, crews will replace the sand the front right bunker at No.13.

Food and Beverage Report - Patti Maxwell

- Thirty-two participating members had a great time at the First Annual Bunco Blast.
- The Club will cancel Mother's Day Brunch if more interest does not develop in the next few days.
